

SKUBA

Ref. 07200050

PMR446 TRANSCEIVER

IP67 water and resistant transceiver, Skuba has passed severe MIL-STD-810-C, D, E & F tests for shock and hard environmental conditions. The long life battery and compander function for audio quality enhancement, make this PMR446 radio, suitable for a wide variety of use, especially in extreme environmental conditions.

- Waterproof IP67, submersion up to 1 m deep water for 30 minutes.
- Strong and sturdy, Skuba meets MIL-STD-810-C, D, E & F standard
- Long battery life
- PC programmable (with software as option)
- 8 Channels
- Function menu settings:
 - 73 CTCSS and 208 DTCS codes
- channel scan
- VOX function
- keypad lock
- audio compander
- squelch level
- roger beep
- 5 call rings
- dual watch
- BCLO function
- Li-Ion battery and charger supplied.

Supplied with: 7,4V/2200mAh Li-Ion battery pack, desktop battery charger, belt clip, Italian and English user's manual.

Accessori opzionali

PB-003	7,4V-2200mAh Battery	Ref. 07205110
CB-003	Desktop battery charger	Ref. 07205114
PA-003	Power cable with car cigarette lighter plug	Ref. 07205113
MA-003	Microphone/Earphone	Ref. 07205112
MF-003	Microphone/Speaker	Ref. 07205116
CP-003	USB Programming cable	Ref. 07205111
AN-003	430/450MHz Antenna	Ref. 07500000

Specifiche tecniche

Frequency range	446.00625 ~ 446.09375 MHz
Channels	8 + 8 canali
Emission mode	11KΦF3E
Operating temperature	-20°C ~ +60°C
Voltage	7,4V
Power supply	Pacco Batterie agli Ioni di litio 7,4V-2200mAh
Power consumption (Power Save)	≤ 54 mAh
Dimension	116 × 57 × 39 mm
Potenza in uscita	500 mW
Sensivity	< 0.2 μV (12dB SINAD)
Audio output	≥ 1W con carico di 8 Ohm/with 8 Ohm load
